

MEDSTERN CANADA LLP – NOW HIRING – PIANIST AUDITION CALL!

At MEDSTERN CANADA LLP, Vancouver, BC, we support B2B Partners in projects of varying formats and assist our clients in Western Canada in building reliable, integrated supply chains of excellence. Your role is to provide an interface to the community of manufacturers in the food and beverage, agriculture, and natural resources sectors, including exporters, logistics providers, industry representatives, and decision-makers.

B2B MARKET COORDINATOR, MB, SK

Covering Manitoba and Saskatchewan, you'll serve clients in Western Canada, supporting B2B projects focused on developing integrated supply chains and delivering goods, products, and commodities to international markets.

Your Skills & Competences:

- ❖ Articulate, Empathetic, and Service-oriented Networker, Market Coordinator, and Supply Chain Specialist with integrity
- ❖ Quality and safety orientation, attention to detail, adaptability to different work themes, good communication in Canadian English
- ❖ Established networks within various Western Canadian Industries, including Agriculture, Food & Beverages, and Rail Transportation
- ❖ Understanding of market mechanisms, supply chain integration, implementation, and settlement of commercial B2B Transactions
- ❖ Experienced in the identification of state-licensed Canadian export companies, working in compliance with EU import regulations
- ❖ Understanding of regulatory export requirements and product safety standards, provision of local logistics support functions in SK, MB

Your Responsibilities are:

- ❖ Build and maintain Client relationships as part of a team throughout each project, with a high level of commercial acumen.
- ❖ Check and verify compliance and conformity standards of products and producers, e.g., HACCP, ISO 22000, FSMS, SFCA, and SFCR.
- ❖ Review testing reports of licensed labs on product quality, specifications, safety inspections, and hygiene control for quality assurance.
- ❖ Support access to intralogistics hubs, and intermodal freight rail services, cold chain preservation in case of, e.g., frozen food products
- ❖ Harmonize communication between trade partners and support business mediation and alternative dispute resolution (ADR) processes.

Minimum Qualifications:

- ❖ Bachelor of Science, BSc, Master of Science, MSc, or equivalent
- ❖ Qualifications in either Biochemistry, Food Science and Management, Beverage Technology, or Food Logistics
- ❖ Project coordination and industry experience in, e.g., food manufacturing, intralogistics, or supply chain management > 15 years
- ❖ Certification, accreditation by a Western Canadian Industry Association, Board, University, Institute of Food Technologists, or similar

Even if you don't meet all the requirements for this role, we still want to hear from you! We are also searching for a **COMMUNICATIONS MANAGER** and **GEOTECHNICAL LIAISON MANAGER** as new members for our MEDSTERN CANADA LLP Big Band! If you apply for our Pianist position, please send your cover version of one of the following songs in .mp3 format to medsterncanadallp@proton.com. Thanks!
